GRIT

grit | grɪt | noun

1. **Courage; determination** that makes it possible for somebody to continue doing something difficult or unpleasant.
2. Also: **Grasp. Recall. Integrate. Test.** The four things you will do every week, for the next 4 - 5 months.

Six months. One connected preparation plan. Read the syllabus subject by subject, retrieve it through weekly tests, consolidate each complete subject, then attempt full papers under exam conditions.

THE GRIT PLAN

Start 16th Nov — **PTS-GRIT** — 56 Tests · 4500 Questions — **End** 30th May

G	R	I	T
GRASP	**RECALL**	**INTEGRATE**	**TEST**
Mon, Tue, Thu, Fri Read specific chapters and sources from the weekly reading list.	Wednesday25 conceptual questions check whether the week's reading stayed.	Wednesday25 UPSC PYQs connect the same syllabus with the exam's questions.	Sunday A full paper tests the week's subject, current affairs and governance.

The Principle. *You retain what you retrieve, far better than what you re-read. GRIT builds tworetrievals a week into the subject-test blocks.*

PTS-GRIT Test Explained

CONCEPTS + PYQ HALF TEST (HLT)

50 Questions | 60 Minutes — Non-Flexible*

25 conceptual questions based on the week's syllabus from NCERT and basics, plus 25 questions from UPSC PYQs on the same syllabus. Every Wednesday.

WEEKLY FULL TEST (FLT)

100 Questions | 2 Hours — Flexible*

A full format paper: 70 questions on the week's subject, 25 on current affairs, and 5 on governance and public policy. All new questions. Every Sunday through Phase 1.

CSAT FULL TEST

80 Questions | 2 Hours — Flexible*

Fifteen full CSAT papers across the programme. In Phase 1 they fall on subject completion Sundays. In Phases 2 and 3 a CSAT paper runs every Sunday, GS in the morning and CSAT in the afternoon, the same way UPSC conducts the exam.

SUBJECT SIMULATOR

100 Questions GS + 80 Questions CSAT — Flexible*

One complete subject in one sitting, on six Sundays from 28 March. These train you to link topics across a whole subject and hold accuracy over a longer paper, which is what UPSC asks when a question spans several sub-themes.

FULL SIMULATOR

100 Questions GS + 80 Questions CSAT — Non-Flexible*

The complete syllabus in UPSC exam timings. GS 9:30 to 11:30 AM, CSAT 2:30 to 4:30 PM. Three in all: the Phase 1 close on 21 March, then 9 May and 16 May.

ANUBHAV PRELIMS (ALL INDIA OPEN TESTS)

100 Questions GS + 80 Questions CSAT — Non-Flexible*

Anubhav recreates the actual **UPSC exam environment**. Conducted **once every month**, these tests **simulate exam-day pressure, competition,** and uncertainty, helping you benchmark yourself nationally and assess true readiness.

**In HLTs, where the weekly syllabus lacks sufficient PYQs, conceptual questions will be used. *FLT and CSAT papers in offline mode are non-flexible. *Visual explanation included for these tests.*
