I am really grateful to be the part of the CA-VA classes for mains 2025. One stop solution for mains and the format in which sir gives notes is really good. The international relations notes were excellent. The CA classes for interview stage were also good.

CA-VA
CURRENT AFFAIRS-VALUE
ADDITION PROGRAM

I was so impressed with the content that we had in CA-VA first class, it was about Bangladesh issue and it was amazing. From that point onwards I blindly followed Dipin sir's content.

Yashaswi Raj Vardhan - AIR 11

Sir provided to the point and mains ready notes. It helped me in building conceptual clarity and revision of current affairs also became easy as notes were consolidated at one place. Sir comprehensively covers topics across all papers and only continuous revision of sir's notes is needed for getting through exam.

Prachi Honey - AIR 28
