

GEOGRAPHY ADVANCE COURSE

500⁺ PROGRAM

Version 2.0

FOR CSE 2027 (Batch-II)

by Himanshu Sharma Sir

500+ QUESTIONS. **40** SESSIONS. **9** TESTS. ONE COMPLETE SOLUTION.

Special Orientation Session on 2nd August from 10:00 AM to 12:00 PM.

Starting from **8th Aug., 2026**

Offline / Online

26,272 + GST = ₹31,000

WHAT MAKES 500+ THE COMPLETE PROGRAM?

1. 500+ QUESTION ENGINE

Complete Paper I & II syllabus covered through 500+ exam-grade questions.

2. CLOSES THE CONTENT GAP

Bridges the gap between knowing Geography and writing exam-winning answers.

3. ANSWER WRITING, BUILT IN

500+ writing opportunities with model answers, diagrams, scholars & data.

4. FULL SYLLABUS - FAST & STRUCTURED

40 sessions across 5 modules cover the entire syllabus. Dedicated lectures for Geo. Morphology, Climatology & Oceanography.

5. MAPPED TO PYQ TRENDS

Questions designed from PYQ themes and UPSC Mains trends for high-yield practice.

6. FEED BOOKS FOR EVERY SESSION

Crisp, exam-relevant content for concept clarity, answer enrichment and revision.

7. CONTEMPORARY & APPLIED THEMES

Each topic enriched with latest real-world examples and applied dimensions.

8. COMPLETE TESTING ECOSYSTEM

5 Modular Tests + 4 Comprehensive Tests with evaluation, model answers & discussions.

9. CONTINUOUS, BUILT-IN REVISION

Question-driven approach ensures constant revision and stronger retention throughout.

10. MENTORED BY HIMANSHU SIR

17+ years of Geography Optional expertise with continuous mentorship and doubt solution.

Features of The Program

500+ is the complete Geography Optional program — structured content, answer-writing, revision and contemporary updates, all delivered through **500+ exam-grade questions**.

- 1. The 500+ Question Engine** The entire Paper I and Paper II syllabus is delivered and drilled through 500+ carefully designed questions, mapped to UPSC's evolving Mains trends. The number isn't branding — it is the volume of structured practice it takes to convert what you know into what you can *score*.
- 2. Closes the Content Gap** Most foundation courses stop well short of what the UPSC paper actually demands. 500+ bridges the gap between knowing geography and writing exam-winning geography — layering advanced, analytical and applied dimensions onto your basics.
- 3. Answer-Writing, Built In** Every topic is converted into questions you actually write — 500+ questions means 500+ answer-writing repetitions. Model answers demonstrate the structure, diagrams, named scholars and data that separate an average script from a 320+ one.
- 4. Full Syllabus — Fast and Structured** 42 thematic sessions across 6 modules cover the complete syllabus. Models, theories and laws (Paper I) and contemporary issues (Paper II) are woven into their parent topics — no orphan areas, no gaps, no wasted time. Supported by dedicated video lectures for Tectonic Geomorphology, Climatology and Oceanography.
- 5. Mapped to PYQ Trends** Every question is drawn from the full sweep of the syllabus and the recurring themes of previous years' papers, so your practice mirrors how UPSC actually frames its questions — with all high-yield PYQ patterns covered.
- 6. FEED Books for Every Session** Each session comes with a FEED Book — crisp, relevant, ready-to-revise content built to sharpen both your knowledge and your answer writing. A permanent revision asset, not just class notes.
- 7. Contemporary & Applied Themes — Updated** Each topic is enriched with its latest, real-world and applied dimensions. This is the layer that lifts a standard answer into a top-bracket answer.
- 8. A Complete Testing Ecosystem** 6 Modular Tests + 4 Comprehensive Tests covering the full Paper I and Paper II. Every test comes with a recorded discussion and model answers, and evaluated copies are returned within 10 days — so feedback reaches you while it still matters.
- 9. Continuous, Built-In Revision** The question-driven design means you revise your core content as you advance. Your foundation gets stronger with every module instead of fading between topics.
- 10. Mentored by Himanshu Sir** Chief mentor with 17+ years of Geography Optional specialisation and a proven track record of top ranks. Direct doubt-solving access throughout the program.

Schedule for **500+** Program for CSE 2027 (Batch-II)

More than a crash course. More than a test series. More than a value-addition module.

Module	Session	Date	Day	Timings	Topics
Orientation Session		02/08/2026	Sunday	10:00 AM – 12: 00 PM	• Strategy of Geography Optional Mains 2027
Module I	Session 1	08/08/2026	Saturday	10:00 AM – 02: 30 PM	• Settlement I
	Session 2	09/08/2026	Sunday	10:00 AM – 02: 30 PM	• Settlement I
	Session 3	14/08/2026	Saturday	10:00 AM – 02: 30 PM	• Settlement II
	Session 4	16/08/2026	Sunday	10:00 AM – 02: 30 PM	• Settlement II
	Session 5	22/08/2026	Saturday	10:00 AM – 02: 30 PM	• Perspectives in Human Geography
	Session 6	23/08/2026	Sunday	10:00 AM – 02: 30 PM	• Perspectives in Human Geography
	Session 7	29/08/2026	Saturday	10:00 AM – 02: 30 PM	• Perspectives in Human Geography
	Session 8	30/08/2026	Sunday	10:00 AM – 02: 30 PM	• Perspectives in Human Geography
	Modular test I	02/09/2026	Wednesday	10:00 AM – 11: 50 AM	• Syllabus of Module I
Module II	Session 9	05/09/2026	Saturday	10:00 AM – 02: 30 PM	• Economic Geography
	Session 10	06/09/2026	Sunday	10:00 AM – 02: 30 PM	• Economic Geography
